As of 30 August, 20,478 people have tested positive for COVID-19 and 544,807 people have tested negative for COVID-19.

Public Health Scotland published data includes results for people tested across NHS Laboratories and UK Government Regional Testing Centres.

As at 30 August, 537 confirmed COVID-19 patients have been treated in an ICU.

In the last week there were 3 new confirmed COVID-19 patients admitted to ICU.

In the week ending 30 August, 37 children and young people aged 2-17 years tested positive for COVID-19 and 29,410 tested negative for COVID-19.

Among children who were tested, 0.1% of children aged 2-4 years, 0.04% of children aged 5-11 years and 0.3% of children and young people aged 12-17 years, were positive.

From 28 May to 30 August, 2,961 individuals were recorded in contact tracing software, from which 13,343 contacts have been traced.
